

Problem

Print $4\sqrt{n}$ with sufficiently many digits.

Problem

Print $4\sqrt{n}$ with sufficiently many digits.

Naive solution

Do something stupid. $\mathcal{O}(2^n)$ is too slow!

Problem

Print $4\sqrt{n}$ with sufficiently many digits.

Naive solution

Do something stupid. $\mathcal{O}(2^n)$ is too slow!

Solution

Instead, just compute the answer. Run time: $\mathcal{O}(1)$.

Problem

Print $4\sqrt{n}$ with sufficiently many digits.
